Re: Notice of Violation of California Health & Safety Code §25249.5 *et seq.*

Dear Attorney General Becerra:

*As You Sow* (“AYS”) is a 501(c)(3) non-profit corporation dedicated to, among other causes, toxics reduction, the promotion of and improvement of human health, the improvement of worker and consumer rights, environmental education and the protection of the environment, and corporate accountability. AYS is based in Berkeley, California, and was incorporated in 1992 under the laws of the State of California.

AYS has documented violations of California’s Safe Drinking Water & Toxic Enforcement Act of 1986 (“Proposition 65”), codified at Health & Safety Code section 25249.5 *et seq.*; specifically Section 25249.6, which provides that “[n]o person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the state to cause cancer or reproductive toxicity without first providing a clear and reasonable warning to such individual ...” This letter serves to provide AYS’s notification of these violations to the public enforcement agencies. Pursuant to section 25249.7(d) of the statute, AYS intends to bring an enforcement action sixty days after effective service of this notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations.

A summary of the statute and its implementing regulations, which was prepared by the lead agency designated under the statute, is enclosed with the notices served upon the violator(s). The specific details of the violations that are the subject of this notice are provided below.

**Alleged violators.** The names of the violators covered by this notice are:

- Frontier Cooperative

**Chemical(s).** These violations involve exposures to lead from the products listed below. The State of California has officially listed lead as a chemical known to cause cancer, developmental toxicity, and reproductive harm.

**Consumer products.** The products that are the subject of this notice are spinach products that contain lead and are, at any time, manufactured, distributed, or sold by the alleged violator, including but not limited to the following:

- Frontier Co-Op Spinach Flakes Certified Organic
- Frontier Co-Op Spinach Powder Certified Organic

**Route of exposure.** Use of the products identified in this notice result in human exposures to lead. The route of exposure is ingestion. No clear and reasonable warning is provided with the products regarding the health or reproductive hazards of lead.

**Duration of violation.** These ongoing violations have occurred on every day since at least August 19, 2019, as well as every day since the products were introduced in the California marketplace, and will continue every day until clear and reasonable warnings are provided to product purchasers and users or until these known toxic chemicals are removed from the products.

Pursuant to Title 11, Cal. Code Regs. section 3100, a certificate of merit is attached hereto.

In keeping with its public interest mission and to expeditiously rectify this ongoing violation of California law, *As You Sow* is interested in seeking a constructive resolution of this matter without engaging in costly and protracted litigation. You may communicate directly with *As You Sow* to discuss an early resolution of this matter by contacting:

## **CERTIFICATE OF MERIT**

(for *As You Sow*'s Notice of Proposition 65 Violation on Frontier Cooperative)

I, Chelsea Linsley, declare:

This Certificate of Merit accompanies the attached sixty-day notice in which it is alleged that the parties in the notice have violated section 25249.6 of the Health and Safety Code by failing to provide clear and reasonable warnings.

I am in-house counsel and Staff Attorney of the noticing party.

I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding exposure to the listed chemical that is the subject of the action.

Based on the information obtained through those consultations, and on all other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.

The copy of this Certificate of Merit served on the Attorney General has attached to it to it factual information sufficient to establish the basis for this certificate, including the information identified in section 25249.7(h)(2) of the Health and Safety Code, i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Dated: August 19, 2020

  
Chelsea Linsley

Enclosure (For Attorney General Copy only)
